**AIR BRAKE CORPORATION** is a wholly Australian owned business specializing in air brake and related equipment for the road transport industry. As authorized distributors for several leading international component manufacturers, our extensive range of quality products includes world renowned names like...

- **ALKON** push to connect nylon tube fittings
- **HOOSIER** air tanks, including aluminium models
- **PACIFIC** air brake valves and related products
- **SEALCO** air brake valves and related products
- **TSE** service and springbrake actuators
- **WABCO** air brake valves and electronic controls (ABS, EBS, eTASC, RSS, etc)

Headquartered in the northern Sydney suburb of Hornsby, AIR BRAKE CORPORATION also maintains a fully stocked branch office and warehouse in Perth, warehouse facilities in Melbourne, and sales representatives in Sydney, Brisbane, Melbourne, and Perth, enabling nationwide distribution and support. Our dedicated staff boasts over 300 years of combined air brake industry experience and product knowledge for industry leading expertise.

From its beginnings in 1987, AIR BRAKE CORPORATION has grown to become Australia's foremost supplier of ADR38 engineered braking systems and components to Australia's OE trailer manufacturers. Using our in-house design, engineering, and ADR testing capabilities, we have developed the most comprehensive range of ADR38 approved trailer brake kits available, covering standard pneumatic load proportioning systems, antilock (ABS), and the latest multivolt 'brake by wire' electronic systems (TEBS). The latter includes advanced safety features like antilock and roll stability control, and numerous options like speed dependant suspension control, reverse sensing, and more.

**QUALITY** is an integral part of our business philosophy. Quality certified by NATA since 1999, with ISO9001 certification by NCS/BSI since 2009, AIR BRAKE CORPORATION is justly proud of our quality record. Our extensive in-house design, engineering, testing, and inspection activities complement the product quality provided by our select range of renowned suppliers, ensuring the highest possible customer satisfaction.

This catalogue is one of several showcasing specific product groups from our extensive range, all of which can be compiled into a single binder volume for easy, convenient reference. For the most accurate, up to date information, PDF versions are also available at [www.airbrakecorp.com.au/downloads.html](http://www.airbrakecorp.com.au/downloads.html).
